## From our family company to yours: Happy 100th ABUS

Reaching the 100-year milestone is an incredible achievement. The statistics show that more than 45% of companies fail within 5 years. Fewer than 25% make it past 15 years. The 100-year club is a small and exclusive one.

To reach the 100-year mark shows commitment to a singular purpose, and takes the clear focus and drive of the owners over many generations. For ABUS, that focus is always on 'The Good Feeling of Security'. This

steadfast mindset has guided the company through multiple generations, and continues to be the ongoing commitment today, exemplifying enduring success.

We're proud to have been partners with you for 25 years. When we launched the rekeyable interchangeable core and now iconic 83 series padlock in 1999 we could never have imagined the impact it would make on our market.

Today, the product portfolio we offer from ABUS is incredibly diverse, and includes a host of high quality, innovative and reliable products that customers can bank on to support their business.

That the same family owns and operates the original company 100 years after the founders started it is no small achievement – and it's something to be incredibly proud of.

We join you in celebrating the pinnacle of family business success, and sincerely thank you for your commitment to our market, the security of our customers' customers, and the enduring friendship and partnership we've enjoyed over the past 25 years.

**Take a bow ABUS:**

*Happy 100 years*

# PRODUCT SPOTLIGHT

visit [lsc.com.au](http://lsc.com.au) to see Neptune range!

- No solder, crimps or screw terminals.

FASTL2J

## RING VIDEO DOORBELL 4

ring

With wide angled 1080HD video, smart motion detection and cloud recording, it's like you're home even when you're not.

Upgrade your front door with Video Doorbell 4. Enjoy improved battery life and performance, enhanced dual-band wifi, and colour video previews to get the whole picture.

Start recording before you even receive a motion notification with Colour Pre-Roll – a first feature of its kind for battery-powered doorbells. With up to 4 extra seconds of colour video, you'll know what happened before your package was delivered, or other motion was detected. You'll never miss a detail - day or night.

Simply connect the Video Doorbell to your Wi-Fi network and it's ready to go.

# ADVANCED DIAGNOSTICS SPECIALTY CABLES

**ADVANCED  
DIAGNOSTICS**

The use of gateways in modern vehicles is now commonplace. Automotive gateways manage the flow and exchange of data communications across the vehicle networks in effect acting as the central computing hub. Gateways also provide a higher level security function in protecting the vehicle architecture from unauthorised access. Where key programming is concerned this can pose challenges with some vehicles, in particular, when all keys are lost.

Advanced Diagnostics have developed a number of solutions sometimes referred to as gateway bypass cables to manage all keys lost situations. These cables provide the key programming technician with an easy to use and safe solution negating the need for slicing and splicing of wiring looms.

# TRADE-IN AND GET THE REAL MACHINE

## Upgrade or add Automotive key cutting to your van with Silca's Futura Auto

Designed to be the compact, all-in-one, easy to use machine for cutting virtually any key found on a car, motorbike, truck, scooter or accessory, Silca's Futura Auto is the Silca-made machine that gets you into the business reliably, economically and easily.

Ideal for a van or smaller shop where automotive might not be the main focus, the Silca Futura Auto accepts a wide variety of clamps and accessories – cut edge, 2 or 4 internal or external track keys, Tibbe and tubular types by code, or by decoding to cuts or code.

The Tablet lets you control the machine, and with regular, ongoing updates available you'll be able to grow your business for a modest investment.

*Attractive trade-in offers now available, ask your Account Manager, or call our sales team*

# NEWS AND EVENTS

## SAVE THE DATE | MLAA NATIONAL CONFERENCE 2024

2024 National Conference will be held in Adelaide in **October 2024**.  
 The Conference & Trade Expo will be held at the Stamford Plaza in Glenelg, and the Gala Dinner & Awards night at the Adelaide Convention Centre on North Terrace.  
 Anthony Lamond will be back for a third time to MC our Gala Dinner, with Peter Rowsthorn to provide the entertainment on the night.  
 More details will be provided in the coming months, but for now, please save the date!

We were delighted to attend MLAA Branch meetings in NSW, QLD, VIC, SA & WA throughout March. Thanks to everyone who attended, catching up with so many old friends & colleagues was an absolute pleasure. We also welcomed New MLAA Chief Executive, Benjamin Wash.

As an industry, it looks like we've got a huge year ahead of us!
