

New Silca Remote Car Key for Ford* HU101R15

Silca is pleased to introduce a new reference for duplicating Ford* remote car keys: the perfect solution for replacing damaged or lost original keys, or to have a duplicate in case of emergency.

What are the main features?

The Silca Remote Car Key for Ford* HU101R15 has a similar design as the original key and is supplied ready-to-programme with the PCB, transponder and flip blade included.

The key features three function buttons for locking and unlocking the doors and for boot release, and can be used on the vehicle models listed below. The key can be programmed with Smart Pro.

The Silca Remote Car Key for Ford* is packed individually in a plastic clamshell for easy identification and hook display.

CE The Silca Remote Car Key for Ford* has been produced in conformity with CE mark European standards.
